

Smithfield Sidewalk Improvements Project

Isle of Wight County

Willingness to Hold a Public Hearing

Find out about the proposed Smithfield Sidewalk Improvement Construction Project for the northern side of Main Street (US Route 258) and the western side of Great Springs Road (Route 655). The goal of this project is to provide approximately 4,600 feet of variable width sidewalk improvements connecting the Westside Elementary School and the Great Springs / Quail Street neighborhoods with downtown Smithfield at Grace Street. It will also provide improved pedestrian crossing facilities at Route 10 to allow for safe pedestrian foot traffic. The improvements will include minimal curb and gutter and drainage improvements. Temporary right of way easements for some parcels will be required for the project. Property owners will be contacted directly regarding such easements in the Right-of-Way Acquisition Phase of the project scheduled for Fall 2021.

Review the project information and environmental documents by visiting www.iwus.net/smithfieldsidewalk.

In compliance with the National Historic Preservation Act, Section 106 and 36 CFR Part 800, information concerning the potential effects of the proposed or properties listed in or eligible for listing in the National Register of Historic Places is included in the environmental documentation.

If your concerns cannot be satisfied, Isle of Wight County is willing to hold a public hearing. You may request that a public hearing be held by August 30, 2021. If a request for a public hearing is received, notice of date, time and place of the hearing will be posted.

For more information or special assistance for persons with disabilities or limited English, please contact the Clerk of the Board of Supervisors at (757) 365-6255.
